

APPLICATION FOR A SUBSIDISED PLACE IN THE RETREAT PROGRAM

Please read before applying for a subsidised place

Finding inner peace and ways to live well is the best investment anyone can make with a diagnosis of cancer for themselves and their family. It is also important to resolve emotional and mental blocking beliefs to achieve the highest quality of life possible and to allow the body to activate self healing.

The Emotional Healing Retreat Program is unique and transformational and Jasmina as Retreat Leader wishes to ensure that this opportunity is available to those on low incomes as well as those able to pay the full fees. She understands that some participants on low incomes might require assistance to be able to pay the full cost of the Retreat and thus be able to attend.

Participants are encouraged to meet the full cost of the Retreat and to really look at every possible way to meet the full cost from their own savings, insurance, investments and by seeking out additional sources from family, friends, colleagues, employers, community groups such as the Cancer Society etc. Those on higher incomes or who have access to alternative sources of income may wish to donate to the Retreat Program to enable those less financially secure to attend.

Being on a Community Services Card does indicate a low level of personal income and in the face of a life threatening illness it is fair and reasonable to approach family and friends for assistance to meet the cost of the Retreat if they are in a position to do so.

If you are in a position where you have exhausted all possible avenues of financial support to pay the full cost of the Retreat you may apply for a subsidy by completing the form below and having it supported by a Cancer Support Worker, Social Worker or a GP. Please indicate the amount you can contribute. The maximum subsidy provided is 50% of the Retreat fee. Please ensure that your application honestly reflects your financial circumstances.
